

All India Food Processors' Association

Kajal Debnath

North Zone Chairman – AIFPA &
Chief Regulatory Officer, DFM Foods Pvt. Ltd.

MESSAGE

It is a pleasure for me to learn that **iCONEX Exhibitions Pvt. Ltd.** is organising the 4th edition of the **Global Organic Expo 2023 (GOE)** from 2nd – 4th June, 2023 at the **India Expo Centre & Mart, Greater Noida, Uttar Pradesh.**

All India Food Processors' Association (AIFPA) is directing its efforts towards millet processing and sustainability measures. The association recognizes the growing demand for nutrient-rich, gluten-free millets in the market and is ensuring that proper processing techniques are adopted to deliver safe and quality products to consumers. Additionally, AIFPA is promoting sustainable practices in food processing by promoting the use of renewable energy sources, reducing water usage, and minimizing waste generation. By doing so, the association is contributing towards building more sustainable and efficient food industries in India.

AIFPA has been actively involved in the development of organic farming and products in India. The association has been promoting the use of organic methods of cultivation and production, as well as providing technical assistance and training to the MSME sector. AIFPA has also been collaborating with government agencies and other organizations to encourage adoption of organic practices and increase their market access. Through these efforts, AIFPA aims to create a sustainable and healthy food system for the country and ultimately improve the livelihoods of Micro, Small and Medium Enterprises.

As an Associate Partner in the Global Organic Expo 2023, AIFPA is pleased to contribute towards achieving the event's objectives through collaboration. We take pride in being part of this important movement towards promoting organic products and sustainable practices in food processing. Together, we hope to make a positive impact on the food industry and ensure a healthier future for all.

I extend my heartiest greetings and best wishes to the organisers, partners, and delegates of the Global Organic Expo 2023. May this event be a resounding success and may you continue to make significant contributions to the organic industry.

Date: 15th May, 2023
